IMMIGRATION LAW AND PRACTICE

by

Jack Wasserman

Immigration law is a specialized area of practice. Yet it is a subject that should pique the curiosity of all lawyers concerned with the fulfillment of professional and public responsibilities. This expanded, second edition of *Immigration Law and Practice* offers a comprehensive overview and discussion of visa and admission procedures, exclusion and deportation practices (including judicial review), and the rights and responsibilities of aliens in the United States.

Major chapters included are:

- Organizational Structure of Agencies Enforcing the Immigration Laws
- History of the Immigration Laws
- Admission Requirements
- Deportation Standards
- Relief from Deportation
- Applications and Petitions
- Special Classes of Aliens
- Civil and Criminal Penalties
- Taxation of Aliens
- Rights and Disabilities of Aliens
- Citizenship and Naturalization
- Representation of the Alien, the Agency Practice Act, Freedom of Information Act, and Minimum Attorney's Fees

Immigration Law and Practice contains a comprehensive list of source material, tables of cases and of statutes, and a detailed subject index. These forms and tables make this book particularly useful, as does its listings of immigration offices, Regional Manpower Administrators, and other governmental agencies dealing with immigration problems.

Hardbound; 536 pages (1973) $35.00*
